### FTSE4GOOD BURSA MALAYSIA JUNE 2024 SEMI-ANNUAL REVIEW

- *12 inclusions to the FTSE4Good Bursa Malaysia Index*
- *9 inclusions and 1 deletion from the FTSE4Good Bursa Malaysia Shariah Index*

**Kuala Lumpur, 13 June 2024** – Bursa Malaysia Berhad ("Bursa Malaysia" or the "Exchange") today announced 12 additions to the constituents of the FTSE4Good Bursa Malaysia ("F4GBM") Index and 9 additions to the constituents of the FTSE4Good Bursa Malaysia Shariah ("F4GBMS") Index.

The F4GBM Index measures the performance of public listed companies ("PLCs") with good liquidity that demonstrate strong Environmental, Social and Governance ("ESG") practices. The F4GBM Index constituents are drawn from PLCs on the FTSE Bursa Malaysia EMAS Index, comprising eligible PLCs from small, medium and large market capitalisation segments.

The F4GBMS Index tracks the constituents in the F4GBM that are Shariah-compliant, in accordance with the Shariah Advisory Council ("SAC") screening methodology. Both indices are reviewed semi-annually in June and December, set against international criteria.

For the latest review period of June 2024, the 12 additions to the F4GBM Index will bring the total number of constituents to 120. This represents a 400% increase since the index's inception in December 2014 with only 24 constituents. Separately, the F4GBMS Index will see 9 additions and 1 deletion, bringing the index's constituent count to 95. All constituent changes will take effect at the start of business on 24 June 2024 (Monday).

Details of the changes to the F4GBM Index and F4GBMS Index for the June 2024 semi-annual review are stated below:
