CREDIT HEDGE FUNDS LEAD HFRI GAIN TO BEGIN 2024 AS GEOPOLITICAL RISK ESCALATES

*Fixed income-based Relative Value Arbitrage leads strategy gains;
Technology, Credit Arb, Healthcare lead HFRI sub-strategies*

CHICAGO, (February 7, 2024) – Hedge funds extended recent performance gains to begin 2024, with strong contributions from fixed income-based strategies as geopolitical risks continued to escalate, adding active conflicts in Yemen and the Red Sea to the ongoing conflicts in Ukraine and Israel. Gains were seen across a wide range of strategies and sub-strategies as investors and managers positioned for interest rates to remain elevated through early 2024, as US economic data continued to show strength and resilience. The HFRI Fund Weighted Composite Index® (FWC) advanced an estimated +0.28 percent for the month, while the HFRI 500 FWC Index added +0.24 percent.

Performance dispersion declined in January, as the top decile of the HFRI FWC constituents advanced by an average of +6.06 percent, while the bottom decile fell by an average of -6.75 percent, representing a top/bottom dispersion of 12.81 percent for the month. By comparison, the top/bottom performance dispersion in December was 16.73 percent. In the trailing 12 months ending January 2024, the top decile of FWC constituents gained +31.9 percent, while the bottom decile declined -19.0 percent, representing a top/bottom dispersion of 50.9 percent. Approximately sixty percent (60%) of hedge funds produced positive performance in January.

Fixed income-based, interest rate-sensitive strategies led HFRI performance in January, as interest rates increased, and investors positioned for elevated interest rates through early 2024 as the US economic outlook continued to improve. The HFRI Relative Value (Total) Index advanced an estimated +0.62 percent for the month, led by the HFRI RV: FI-Corporate Index, which gained +1.14 percent, while the HFRI RV: FI-Convertible Arbitrage Index added an estimated +1.06 percent in January.

Equity Hedge (EH) funds, which invest long and short across specialized sub-strategies, also gained in January, led by Technology, Healthcare, and Market Neutral exposures, as the HFRI Equity Hedge (Total) Index advanced +0.21 percent (estimated) for the month. EH sub-strategy performance was led by the HFRI EH: Sector-Technology Index, which surged +3.16 percent, and the HFRI EH: Healthcare Index, which advanced +2.0 percent in January. Also producing strong performance, the categorically low volatility HFRI EH: Equity Market Neutral Index jumped +1.95 percent for the month.

Uncorrelated Macro strategies also posted gains in January as interest rates rose on strong US economic data, with the HFRI Macro (Total) Index advancing +0.43 percent (estimated) for the month. Macro sub-strategy gains were led by the HFRI Macro: Commodity Index, which advanced +1.36 percent in January, while the HFRI Macro: Multi-Strategy Index also added +1.25 percent for the month.

Event-Driven (ED) strategies, which often focus on out-of-favor, deep value equity exposures and speculation on M&A situations, posted mixed performance in January with gains in Credit Arbitrage and Special Situations offset by declines in Activist strategies; the HFRI Event-Driven (Total) Index declined -0.30 percent for the month. ED sub-strategy performance was led by the HFRI ED: Credit Arbitrage Index, which jumped +2.37 percent, while the HFRI ED: Special Situations Index added an estimated +0.52 percent. Offsetting these, the HFRI ED: Activist Index declined -2.24 percent, this after leading ED sub-strategy gains in 2023 with a gain of +18.1 percent.

Liquid Alternative UCITS strategies also produced gains in January, led by the HFRX Absolute Return Index gaining +0.42 percent, while the HFRX Global Index advanced +0.32 percent. Strategy gains were led by the HFRX Macro Index, which returned +1.2 percent in January, while the HFRX Equity Hedge Index advanced +0.66 percent.

The HFRI Diversity Index advanced an estimated +1.41 percent in January, while the HFRI Women Index added +1.33 percent.

“Hedge funds extended recent gains to begin 2024 as geopolitical risk escalated, complementing ongoing interest rate and inflation risk, with geopolitical risk spanning a wide range of issues including uncertainty regarding ongoing conflicts in Ukraine and Israel, as well as recent conflicts in Yemen and the Red Sea, uncertainty with regard to Taiwan and the upcoming US election. Fixed income-based Relative Value Arbitrage led gains through corporate exposures, with additional positive contributions from Technology, Credit Arbitrage, and Market Neutral sub-strategies”, stated Kenneth J. Heinz, President of HFR. “Given the evolving and fluid geopolitical and macroeconomic environment, managers are actively and dynamically managing portfolio exposures and risk with a more intense focus on positive optionality, convexity and the increased potential for destabilizing dislocations. With an increased sensitivity toward these risks, it is likely that institutions will be increasing commitments to funds opportunistically positioned to preserve capital while also monetizing exposures created by instability and volatility.”

HFR® is the global leader in the alternative investment industry. Established in 1992, HFR specializes in the areas of indexation and analysis of hedge funds. HFR Database, the most comprehensive resource available for hedge fund investors, includes fund-level detail on historical performance and assets, as well as firm characteristics on both the broadest and most influential hedge fund managers. HFR has developed the industry's most detailed fund classification system, enabling granular and specific queries for relative performance measurement, peer group analysis and benchmarking. HFR produces over 100 indices of hedge fund performance ranging from industry-aggregate levels down to specific, niche areas of sub-strategy and regional investment focus. With performance dating back to 1990, the HFRI Fund Weighted Composite Index is the industry's most widely used standard benchmark of hedge fund performance globally. The HFR suite of Analysis Products leverages the HFR Database to provide detailed, current, comprehensive and relevant aggregate reference points on all facets of the hedge fund industry. HFR also offers consulting services for clients seeking customized top-level or more nuanced analysis.

For the hedge fund industry's leading investors and hedge fund managers,
HFR is The Institutional Standard

HFR Database includes HFRI / HFRX Index Constituent Tables

About HFR Database

The licensed/redistributed HFR Database, currently comprised of nearly 6,000 alternative investment products, is available to all accredited investors. Information on our hedge fund universe of established and emerging managers is collected directly from the fund managers and/or their respective offshore administrators, while other pertinent information is culled from offering memoranda, onsite visits, and due diligence interviews.

HFR Database is utilized globally by thousands of accredited investors at leading banks, brokerage firms, investment advisors, wealth managers, funds of hedge funds, hedge funds, academic institutions, foundations, endowments, family offices and sovereign wealth funds. All client relationships are confidential in nature.

HFR believes that accurate information on fund managers is critical to any alternative investment enterprise. To that end, our analysts have monitored and tracked performance and administrative data internally on over 26,000 historically, covering both domestic and international funds, offering comprehensive information not available from other commercial data providers. HFR's dedicated Research Staff searches for new funds to add to the Database on a daily basis.

► HFR provides subscribers with an unparalleled breadth of fresh information with daily updates

- HFRDatabase.com is updated daily with fresh data & information, recently submitted by a broad spectrum of funds. New fund data is added by HFR staff or by the fund managers themselves. We do not work with third party data providers

► HFR works directly with FUND MANAGERS to gain the most up-to-date and accurate fund info possible

- HFR requests that our client fund managers report performance by the 15th of each month. We also directly integrate the fund manager with HFR Database by providing them with their own website for updating their fund profile. In this manner HFR ensures current and accurate fund data that flows seamlessly from fund managers to subscribers.

► Database includes Administrative, ROR, AUM, Instruments and Region fund data

- Full Database details and field definitions available at www.HFR.com.

Extracts from **HFR INDUSTRY REPORTS**

HFR Global Hedge Fund Industry Report

Industry insiders utilize HFR Industry Reports to gain a detailed picture of current trends as well as a historical perspective of the hedge fund industry. *The Report includes:*

- Over 200 pages of charts and graphs provided in PowerPoint format
- Estimated total assets and net asset flows for entire industry and by strategy
- Detailed breakout of Quarterly and Annual HFRI performance
- HFRI Annual Performance Matrix
- Risk/Return analysis by strategy: 1, 3 and 5-year summaries of Standard Deviation, Sharpe Ratio, Sortino Ratio Up/Down Capture, Returns Distribution and Market Correlations
- Supporting dataset in Excel spreadsheet format
